

HUGE PLATFORM

Punto Space S

mm 700 mm 525

ALL THE PUNTO S CAN BE USED UP TO THE PLATFORM ACCORDING TO EN14183

n.	m	m	cm	Kg	m
2	0,59	0,40	75,30	7,7	2,40
3	0,79	0,60	77,30	9,4	2,60
4	1,00	0,80	79,30	11,2	2,80
5	1,19	1,00	83,00	13,0	3,00

Punto Space is tested with the European Standard UNIEN14183. The operator can stand on the last steps or on the platform even without the optional guardrail.

- Two devices block any accidental opening: anti opening/closing rigid bars and hinges in galvanized steel
- Thermo-shrinkable plastic package with showcard
- Ergonomic reinforced non-skid rubber feet
- Non-skid aluminium steps 8 cm
- Distance between steps 20 cm
- Extra-large top platform 525x700 mm

NEW DESIGN

On request:

1. Large guardrail kit
2. Large guardrail kit combined with 2 handrails
3. Two or four castors

Punto Space S with optional wheels can be easily transported. To lift the stepstool, it can be grasped by the closing slot.

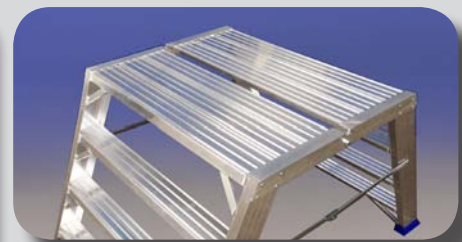

**STEPS DISTANCE: DECREASED
BASE WIDTH: INCREASED**

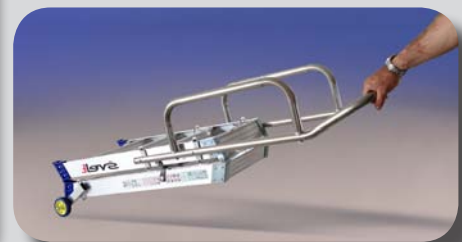

Punto Space S with optional guardrail

Punto Space S can be equipped with guardrail combined with 2 handrails, 2 or 4 wheels, 2 or 4 levellers for stairways or slopes.

Extra-large platform mm 525 x 700

Professional aluminium stools produced according to the European standard EN14183. They are produced by welding the steps to the profiles, obtaining an ultra-resistant monolith. Equipped with reinforcements on the first step. They can be used up to the platform according to the European Standards.

ALL THE PUNTO S CAN BE USED UP TO THE PLATFORM ACCORDING TO EN14183

Punto S

Professional double sided aluminium stepstool with flat steps.

n.	m	m	cm	Kg	m
2	0,48	0,40	45,40	3,6	2,40
